

BMWCCACT News

May 2019

Dear {Contact_First_Name},

On behalf of members, please join me in welcoming Karen & Pete Longstaff (F800R) and Tracy & James McRae (F800GT) to the Club and make sure to say hello when you first meet them at your next Club Event.

Your new and returning Committee have set to work and found their way around the Club website in event planning and sending emails, so make sure you stay in touch by visiting [What's On](#). Given our new membership year, committee and members it is timely to remind you of some of your membership benefits:

- You need to log in to the Club website. Whilst most pages are visible to the public, the juicy ones are not. For example Club Events that are restricted to members only registration and the new genuine BMW Parts offer for the DIY technician.
- Club Members can negotiate a discount with their insurer, but you may need to ask.
- Joint and Joint+ Memberships. If only one member wants emails or notifications, then select this option in your profile. If both of you want Club emails, then select this profile and add some contact details. The club software treats each contact (email) as an individual. You also need to send an email to the [Membership Secretary](#) as this requires some back of house work - to make sure 2 memberships are not charged.
- Traveling to Germany? Then Official BMW Club Members get expedited and personalised tours of BMW World and BMW Classic. These need advance notice.

Rider and First Aid Training Subsidy. The committee has reviewed and endorsed these programs continuing for 2019. You need to be in your second year of membership with the details here [Member Rider & First Aid Training](#).

Calling DIY Members. Ride Coordinator Peter has negotiated a parts deal for Member's only who service their own BMW's. Look for the member only page and offer details for the supply of genuine BMW parts using your bike's VIN number as the parts required vary for each BMW model and whether its a major or minor service.

For example service parts for a R1200 (SOHC) <2010 cost \$258.02 RRP and available to members for \$175 or F Series 700/800 cost \$131.70 RRP and only \$117 to members. These are genuine BMW OEM parts, so check the web page out.

A couple of upcoming events worth a look:

- [MRA ACT Blanket Run \(Club Event\)](#) this Saturday 11 May at Old Parliament House,
- [May Monthly Ride Club Event \(Coffee Run\)](#), Ride Coordinator Peter's 1st ride out and promises to be a good one with 11 registrants so far, and
- [Christmas in Winter \(Club Event\)](#) our joint evening with members BMWCCVIC at Ettamogah Pub Table Top (near Albury) NSW and coordinated by Social Secretary Steve Hay.

As always, please use the registration option if its available and if your not seeing a ride or event that you would like to share send an email to the Ride Coordinator or Social Secretary or contact me direct.

Enjoy your ride
